

March 2017

Dear Parent

To support the GCSE and A Level students in enhancing or completing aspects of their Art or Textiles coursework or examination preparatory work, the Art and Design staff will be in school during the first week of the Easter Holiday.

So that there is a more even distribution of support, the staff will be attending on different days. If the students could if possible attend the sessions run by their own teachers this would be a great help. However, if the students do want to come in and work independently on another day they can. The days will run from 9am to 3pm.

Monday 3rd April and Wednesday 5th April Mrs Nixon will be in school.

Tuesday 4th April and Thursday 6th April Mr Moulding will be in school.

Mrs Barter will be running her Textile session on Wednesday 5th April.

AS/A Level students can attend any of these days.

Students should sign in on the whiteboard in reception when arriving at school and they should sign out when they leave the premises.

This information will also be put on the school website.

Yours sincerely

Adrian Moulding

Head of Art, Design and Technology.
